

AutoCAD MEP General Principles

Course Description

Teaches the general principles of AutoCAD MEP. Required by all new users of AutoCAD MEP before proceeding with any of the one day modules for the specific skills required, e.g. for plumbing, piping, mechanical, electrical, etc.

Who Should Attend

New users of AutoCAD MEP.

Prerequisites

A good working knowledge of a recent version of standard AutoCAD (minimum AutoCAD Essentials, AutoCAD Intermediate standard recommended), as well as the relevant drafting, design or engineering experience.

Course Outline

Three Golden Rules to Successful MEP

AutoCAD Issues

- Defining Systems
- Best Practice
- AutoCAD Interface (making it make sense)
- Did You Know? (ensuring that delegates have a good background knowledge)

Workspaces

AutoCAD MEP Interface

Project Management

AutoCAD Architecture

Four More Golden Rules
