

Introduction to CorelDRAW training course

Course objective

CorelDRAW is a powerful vector graphics editor. In this course, you will learn the basic techniques and skills that will give a good grounding in editing graphics with CorelDRAW.

General information

- ▶ Hands-on exercises familiarise delegates with the concepts and operations.
- ▶ Following *Introduction to CorelDRAW* training, delegates are entitled to 30 days email support from Armada to help with any post-training issues.

Who should attend?

Introduction to CorelDRAW training is suitable for newcomers to CorelDRAW or users with basic experience of using similar vector graphics software.

Duration

Two days.

Courseware and certification

Delegates receive comprehensive courseware to refer to throughout the course, and to use as a refresher following the course. Delegates are issued with a certificate confirming they have attended and successfully completed the course.

What version of CorelDRAW is covered?

As an *on-demand* training course (for your group), *Introduction to CorelDRAW* training courses can be based on any recent version of CorelDRAW.

Location, price and further information

Courses can be based at our training centre in Bromsgrove (close to Birmingham and the M5/M6/M40/M42 motorways) or at your venue.

For pricing and further information, please see: <http://www.armada.co.uk/coursecoreldraw.htm>.
