

Introduction to Corel PHOTO-PAINT training course

Course objective

Corel PHOTO-PAINT is a powerful raster graphics editor. In this course, you will learn the basic techniques and skills that will give a good grounding in editing graphics with Corel PHOTO-PAINT.

General information

- ▶ Hands-on exercises familiarise delegates with the concepts and operations.
- ▶ Following *Introduction to Corel PHOTO-PAINT* training, delegates are entitled to 30 days email support from Armada to help with any post-training issues.

Who should attend?

Introduction to Corel PHOTO-PAINT training is suitable for newcomers to Corel PHOTO-PAINT or users with basic experience of using similar raster graphics software.

Duration

One day.

Courseware and certification

Delegates receive comprehensive courseware to refer to throughout the course, and to use as a refresher following the course. Delegates are issued with a certificate confirming they have attended and successfully completed the course.

What version of Corel PHOTO-PAINT is covered?

As an *on-demand* training course, *Introduction to Corel PHOTO-PAINT* training can be based on any recent version of Corel PHOTO-PAINT.

Location, price and further information

Courses can be based at our training centre in Bromsgrove (close to Birmingham and the M5/M6/M40/M42 motorways) or at your venue.

For pricing and further information, please see: www.armada.co.uk/coursecorelphotopaint.htm.
